

Knitting Technician

Wigwam Mills, a long standing leader in US based development and manufacturing of high quality, performance socks for over 100 years.

We are looking for skilled Knitting Technicians to continue our tradition of high quality hosiery. We are seeking candidates with a desire to excel in a fast paced high tech environment on the 2nd or 3rd shift.

Responsibilities:

- Maintain a group of computerized circular knitting machines ensuring they are producing high quality all times.
- Troubleshoot and repair all aspects of computerized circular knitting machines.
- Take styles and designs from concept to prototypes and production ready styles, using the appropriate yarns and raw materials to achieve both the visual and functional goals from the design team.

Job Requirements:

- Strong mechanical aptitude and ability.
- Prior knowledge and experience on knitting machines of any type.
- Strong trouble shooting and repair skills.
- Experience with circular knitting and hosiery development is a plus, but we will train the right applicant in all facets of computerized knitting machine repair, operation, and product development.
- Good interpersonal skills and the ability to multi-task in a fast paced environment.

Pay is commensurate with applicable experience. In this position you will be enrolled in the state certified journeymen's apprenticeship program. Credit towards the apprenticeship for prior training or experience can be granted by the state of Wisconsin, State Certified Journeyman as a Knitting Mechanic.

If you are interested please submit your resume to humanresources@wigwam.com, mail a resume; visit Wigwam Mills during our regular business hours: 8:00 a.m. – 4:30 p.m. Monday – Friday at 3402 Crocker Avenue Sheboygan, WI 53081.

Wigwam Mills, Inc. is an Equal Opportunity Employer
Females, Minorities, Protected Veterans, and Individuals with Disabilities are encouraged to apply.
